The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

### **AWARD OF PUBLIC WORKS CONSTRUCTION CONTRACTS SUPERVISORIAL DISTRICTS 1, 2, 4, AND 5 3 VOTES**

#### **IT IS RECOMMENDED THAT YOUR BOARD:**

Award and authorize the Director of Public Works or his designee to prepare the construction and maintenance services contracts in the form previously approved by County Counsel, execute the contracts, and establish the effective dates following receipt of approved Faithful Performance and Labor and Material bonds filed by the contractor for the following:

Project ID No. RDC0014210 - Loynes Drive Over Los Cerritos Channel, et al., City of Long Beach (4), to 4-Con Engineering, Inc., in amount of \$647,870.

Project ID No. RMD1546024 - Parkway Tree Trimming MD 1, RD 118/518-2002/2003, vicinities of Azusa, San Dimas, and Claremont (1 and 5), to Orozco Landscape and Tree Co., in amount of \$66,262.

Project ID No. SMDACO0087 - 99th Street, et al., Sanitary Sewers, vicinity of Athens (2), to U-Liner West, in amount of \$469,992.50.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

We are recommending that your Board award these construction and maintenance services contracts and authorize the Director of Public Works or his designee to execute the contracts and establish the effective contract dates following receipt of approved bonds and insurance filed by contractors for each of these projects.

The enclosure for each project includes the project description, the call for bids and bid opening dates, a tabulation of bids, and financial information. The certified record of receipt of bids and the original bid proposals for each project are also enclosed, including addenda to the contract specifications for Project ID Nos. RDC0014210, RMD1546024, and SMDACO0087.

The recommended construction and maintenance services contracts are necessary to execute Board-directed and approved Public Works projects in support of operational missions. Your Board's approval of the recommended contract awards and our subsequent execution of the contracts will ensure the timely completion of the projects.

### **Implementation of Strategic Plan Goals**

The award of these construction and maintenance services contracts is consistent with the County Strategic Plan Goal of Service Excellence since these contracts will provide improved infrastructure to better serve the public.

### **FISCAL IMPACT/FINANCING**

The enclosure for each project includes the amount of the recommended contract as compared with the engineer's estimate and the other bids received.

These projects are included in the 2002-03 Department of Public Works Budget. The enclosure for each project includes more detailed fiscal and financial information.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Recommended contract awards are to the lowest responsible bidders in accordance with the California Public Contract Code and your Board's directives.

On October 27, 1981, your Board adopted a program for the use of small Minority and Women-owned Businesses (MWBs) on Federal and State funded highway construction contracts. Companies meeting these requirements are certified by the State as Disadvantaged Business Enterprises (DBEs). An overall goal for subcontracting portions of the work to DBEs is established for each project. Contracts are recommended for award to the lowest responsible bidder who meets the goal or documents a good faith effort to do so in conformance with the program.

We have also developed an outreach program to encourage all qualified contractors to participate in the bidding and contracting process on our projects. Under this program, we place notices of upcoming bids in local and minority newspapers throughout the County. These notices indicate that copies of plans and specifications are available at specified libraries and the Public Works Headquarters building. This allows interested contractors to view the plans and specifications at convenient locations. We also provide telephone numbers (including one for Spanish-speaking contractors) to obtain further information on bidding and subcontracting opportunities.

To further increase contractor awareness of contracting opportunities with Public Works, each of these projects was listed on the County website for upcoming bids.

The State Labor Code requires contractors to pay prevailing wage rates to all persons employed on public works construction contracts. These rates are determined by the Department of Industrial Relations and include contributions for fringe benefits such as vacations, pension funds, training, and health plans for each employee.

As required by your Board, language has been incorporated into the project specifications stating that the contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws.

The contracts will be in the form previously approved by County Counsel. We will also review and approve the faithful performance and payment bonds filed by the contractors.

### **ENVIRONMENTAL DOCUMENTATION**

Each of these projects was found to be categorically exempt from the provisions of the California Environmental Quality Act at the time your Board called for bids. The specifics of these findings are included in the enclosure for each project.

### **CONTRACTING PROCESS**

The contracts were solicited on an open competitive basis in accordance with the provisions of the Public Contract Code.

The project specifications contain provisions requiring the contractor to report solicitations of improper consideration by County employees and allowing the County to terminate the contract if it is found that the contractor offered or gave improper consideration to County employees.

Public Works has confirmed that all of the respective contractors are in compliance with the County's Child Support Compliance Program and the requirements of the Contractor Employee Jury Service Program.

The project specifications also contain a provision that, should the contractor require additional or replacement personnel to fill employment openings, consideration shall be given to hiring qualified participants in the County's Greater Avenues for Independence (GAIN) Program.

To ensure that the contracts are awarded to responsible contractors with satisfactory performance histories, bidders are required to report violations of the False Claims Act, their civil litigation history, and information regarding prior criminal convictions. The information reported by all of the respective contractors was considered before making this recommendation to approve execution of the contracts.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

These construction and maintenance services contracts will result in improved public works infrastructure in the communities where the work is scheduled. Where appropriate, local residents and businesses will be informed that traffic and local access may be mildly disrupted during the construction. The proposed schedules for construction are included in the enclosure for each project.

AWARD OF CONTRACT  
December 31, 2002

PROJECT ID NO. RDC0014210, LOYNES DRIVE OVER LOS CERRITOS CHANNEL,  
ET AL. (City of Long Beach), Supervisorial District 4

TYPE OF WORK: Seismic retrofitting of the Loynes Drive bridge over the Los Cerritos Channel and the Spring Street bridge over the San Gabriel River.

CALL FOR BIDS DATE: October 29, 2002 (Synopsis 53)

BID OPENING DATE: November 26, 2002

BID SUMMARY:

Low	*4-Con Engineering, Inc., a corporation 14771 Washington Drive Fontana, California 92334 (909) 427-1177	\$647,870.00
2	PKB Construction, Inc.	\$704,033.00
3	Lehigh Construction Company	\$739,730.00
4	Banshee Construction Company, Inc.	\$824,896.00
5	J. Mccloughlin Engineering Company, Inc.	\$879,484.00
6	Southwest Engineering, Inc.	\$978,680.00

\*MWBE

PPC Construction was the apparent low bidder, and Olivas Valdez, Inc., was the apparent second low bidder for this project. PPC Construction's bid was for \$527,297.00, while Olivas Valdez, Inc.'s, bid was for \$591,997.05. Both bids were withdrawn due to clerical errors in the bid computations resulting in significant underbids. Our review confirmed that bonafide clerical errors had been made and that both PPC Construction and Olivas Valdez, Inc., should be relieved of their bids. Therefore, under section 5103 of the Public Contract Code, we recommend award of the contract to the next lowest, responsible bidder.

#### FINANCIAL INFORMATION:

Amount of estimate	\$631,892.00
Amount of recommended contract	\$647,870.00
